

Nimbus T8

Swedish-built sport cruiser — now in Boston Harbor

A 28-foot sport cruiser from one of Sweden's most respected builders. A single Mercury V8 Verado turns an air-stepped hull that runs past 40 knots and still settles into real water with composure. Two berths and an enclosed head sit below the deck, so a fast afternoon turns into an easy overnight. It turns heads at the dock and it earns its keep on the water.

MSRP \$210,000 \$149,900 White / Blue Storm	MSRP \$210,000 \$139,900 White / Beige	MSRP \$210,000 \$134,900 White / Blue Storm
Autopilot, radar, underwater lights, refrigerator, enclosed T-top canopy.	High-end audio, roof racks, VHF/AIS, T-top. A balanced, well-equipped build.	Clean and capable. T-top, foredeck sunseat. The most accessible way aboard.

These are 2026 boats, never titled. Only a handful exist in the country.

Aboard the T8

Helm — Simrad glass, Mercury digital throttle, twin sport seats.

Cockpit — convertible aft seating and a teak-laid sole.

Aft deck — the cockpit converts to a full-beam sunpad.

Below — two berths and an enclosed head for the overnight.

Two Ways to Own

Own It Outright

Buy the boat and run it all season. We handle commissioning, dockage, and service through PowerTime so your time is spent on the water, not on the phone.

Boutique Boat Management

Place your T8 in the PowerTime management program. Built to offset most to all of your carrying costs while you keep priority access to your own boat.

See one in person
